

HFMD PROGRAMS AND SERVICES

We provide valuable information, advocacy, and support for our bleeding disorders community. We partner with the medical staff from four Hemophilia Treatment Centers in the region to carry out our unique programs and services.

Family Education Events

We feature the latest in medical information and the opportunity for families to learn, network, share experiences and have fun.

Post-Secondary Scholarships

For eligible students with hemophilia or related bleeding disorders.

Summer Camp

An amazing experience for children ages 8-18 with bleeding disorders to learn how to manage their condition and to bond with peers and older kids who share challenges and stories of hope.

Emergency Assistance

For patients and families experiencing financial hardship in paying costs related to treatment.

Group Fitness Events

Quarterly events providing safe and fun cardiovascular activities the whole family can enjoy.

Annual Meeting

An educational Weekend for patients and families featuring quality programs from leading medical experts who treat hemophilia.

Women's Education Program

Annual program for women with bleeding disorders featuring informative presentations and interactive learning. In partnership with program sponsor.

Blood Brotherhood

A program exclusively for adult men with bleeding disorders.

The HFMD is a non-profit organization dedicated to providing programs and services for those living with hemophilia and related genetic bleeding disorders.

Clinic visits at a hemophilia Treatment Center (HTC) are encouraged on a regular basis (at least once a year) to review and evaluate the status of a person with bleeding disorders.

Goals of the Comprehensive Clinic visits are to assess health concerns since the last visit, evaluate current treatment plans, provide educational opportunities, and plan for the treatment of any unmet needs, changes, or future needs.

Studies have shown that regular attendees at HTC Comprehensive Clinics have better health outcomes.

HISTORY

Established in 1965, the Hemophilia Foundation of Minnesota/Dakotas (HFMD) works to provide education, support and advocacy for our community. We strive to help those affected with a bleeding disorder to become healthier and more self-sufficient.

The HFMD is an independent 501(c)(3) non-profit organization and a regional chapter of the National Hemophilia Foundation. We are also a member organization of the Hemophilia Federation of America.

We are a resource for people with bleeding disorders in our region.
